

VHF/UHF DUAL BAND TRANSCEIVERS

IC-80AD

 (Handheld transceiver)

ID-880H

 (Mobile transceiver)

For the **Outdoors.**

VHF/UHF Dual Band
Digital Transceiver, IC-80AD

Digital & Analog

Easy to set up

**Free download software
CS-80/880**

**Optional HM-189GPS
(For IC-80AD)**

For **Mobile use.**

VHF/UHF Dual Band
Digital Transceiver, ID-880H

DIGITAL

Enjoy

Enjoy long distance communication. Exchange position information and messages.

Lots of Fun, Advanced Digital D-STAR

D-STAR (Digital Smart Technology for Amateur Radio) is a Digital communication protocol developed by the JARL (Japan Amateur Radio League). By using a D-STAR repeater and an Internet gateway, a D-STAR radio makes long distance communications easy.

Plot your own position and the positions of other stations by using mapping software.

Repeater

GPS position reporting function with the optional HM-189GPS.

Repeaters linked by the Internet allow worldwide communication!

By using D-STAR, you can enjoy crisp and clear communication.

* PC and mapping software are not included. Optional data cable required.

— Internet — DV mode (4.8)

Take it into the field— Easy to use!

Optional GPS speaker-microphone

When used with the GPS speaker-microphone, HM-189GPS, the IC-80AD shows your position data on its LCD display and offers automatic position reporting in DV mode.

5 Watts (typical) output power

The IC-80AD provides 5W (typ.) output power in both VHF/UHF bands. The supplied Lithium-Ion battery, BP-217, provides up to 6 hours*¹ of operating time.

External DC power jack

The external DC power jack allows for operation with an external DC power supply (10–16V DC). When used with the DC power cable, operation during charging is possible.

Other features

- 4 step RF power selection (5W, 2.5W, 0.5W, 0.1W)
- IPX4*² water-resistant construction
- Auto power save and auto power off
- 10dB (approx.) built-in attenuator

*¹ Tx high: Rx: Stand-by duty ratio= 1 min.: 1 min.: 8 min. Power save on.

*² Only when the supplied battery pack (or optional battery case), antenna and jack cover are attached.

VHF/UHF DUAL BAND TRANSCEIVER

IC-80AD

Supplied accessories

- (*depending on version)
- Battery pack, BP-217
- Wall charger, BC-167*
- Antenna, FA-S270C
- Belt clip, MB-107
- Hand strap

The above photo includes optional HM-189GPS.

IC-80AD & ID-880H

D-STAR Digital Voice capability

The IC-80AD and ID-880H can transmit and receive D-STAR format digital voice and 950 bps* data communication, simultaneously. Analog FM mode is also available.

* Approximate value.

GPS position reporting functions

Your position data is shown on the display and can be sent to other station*. In addition, the GPS A mode assists in D-PRS mode operation to send your position information to an APRS server.

* 3rd party GPS receiver is required for ID-880H. Optional HM-189GPS is required for IC-80AD.

Setting example for showing own position as 135 degrees east longitude (ID-880H)

Wideband receiver

The IC-80AD covers 0.495–999.990MHz* and the ID-880H covers 118–173.995, 230–549.995 and 810–999.990MHz.* You will be able to listen to aviation, marine, weather channels and other utility communications.

* Receiver range depending on versions.

See specification page for details.

Repeater

ID-1

You can communicate with Icom's 1.2GHz transceiver, ID-1, in DV mode*.
* Depending on repeater configuration.

Digital mode, voice is clearer, even at the station fringe!

Simplex mode communication in DV and FM mode is available without requiring a repeater.

Easy

Easy to set up!

IC-80AD/ID-880H

D-STAR repeater list and DR mode operation

The D-STAR repeater list stores up to 300 channels of repeater call signs, frequencies, gateway call signs, duplex direction and offset frequency with 8-character channel name. The D-STAR repeater (DR) mode operation makes it easier to use D-STAR repeater.

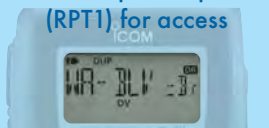

Group 1 (Remain 297 CH)							
No.	Name	Repeater Call Sign	Gateway Call Sign	Operating Freq.	DUP	Offset Freq.	RPT1 USE
0	WA-BLV-A	N7IH A	N7IH G				
1	WA-BLV-B	N7IH B	N7IH G	443.575000	*DUP	5.000000	Yes
2	WA-BLV-C	N7IH C	N7IH G	145.290000	-DUP	0.600000	Yes

* Repeater list programming example using CS-80/880.

To make a CQ call using D-STAR

Step 1

Push the DR button and select an uplink repeater

Setting example for Bellevue, WA (N7IH) as uplink repeater (IC-80AD)

Step 2

Hold the UR button and select a downlink repeater

Setting example for Würzburg, Germany (DB0WZ) as downlink repeater (ID-880H)

When GW set is set to Auto.

Then push the PTT button to transmit

* Above photos show setting example only.

Common features

CS-80/880 free download software

Used with the CS-80/880 cloning software, various settings can be made from a PC. Share your memory channels info and radio settings between IC-80ADs, ID-880H or both.

Available for free download from:

<http://www.icom.co.jp/world/support/index.html>

* Either OPC-1529R, OPC-478 or OPC-478UC optional cable is required.

Other features common to both radios

- Total of 1052 memory channels with 8-character channel name
 - 16 channels DTMF memory (24-digit)
 - LCD and keypad backlighting
 - Monitor function to listen to a weak signal
 - Built-in CTCSS/DTCS tone encoder and decoder (FM mode only)
 - Tone scan and pocket beep function
 - 26 memory banks with selected bank and bank link scanning
 - Key lock function
 - Auto repeater function*
 - Weather channel with weather alert*
- * Depending on versions

Other digital features for both radios

- One touch reply function
- 50 channels GPS memory and GPS alarm
- 300 channels D-STAR repeater list
- D-STAR access repeater scan

D-STAR makes mobile operation much more fun!

Detachable controller

The controller is separated from the main unit for flexible installation. The controller has magnets on the rear panel, it allows the controller to attach to the main unit or other metal objects.

Compact body with large display

While the ID-880H has a compact body, it has a large LCD display. At 64×20.7 mm (2¹⁷/₃₂×1³/₁₆ in), the LCD offers an excellent viewing angle suitable for mobile operation. Green, yellow and amber display backlighting is available. Select the color you like!

VHF/UHF DUAL BAND TRANSCEIVER

ID-880H

Supplied accessories

- (*depending on version)
- Hand microphone, HM-133
 - Separation cable, OPC-1154A (3.4 m; 11.2ft)
 - DC power cable, OPC-1132A
 - Microphone hanger
 - Mounting bracket kit
 - Remote controller bracket

Max. 50 Ch/sec. high speed scan

The ID-880H has a maximum scanning speed of 50 channels per second while in program scan mode. This scanning power allows the utmost efficiency when searching a wide frequency range.

Other features

- 50W* output power both VHF/UHF band *25W for Taiwan version.
- Built-in noise filter (AM/FM mode)
- Data and 9600/1200bps packet jacks on the rear panel
- ±2.5ppm frequency stability
- Adjustable microphone sensitivity

OPTIONS

OPTIONS FOR IC-80AD

■ BATTERY PACK AND CASE

BP-216 : AA (LR6) × 2 battery case
BP-217* : Li-Ion battery pack
7.4V/1500mAh (min.), 1580mAh (typ.)

■ BATTERY CHARGERS

BC-167* : Wall charger (12V/500mA output)
Charges the BP-217 in 6 hours (approx.).
BC-167SA for 120V AC, ND or SD for 230V AC.

BC-139 : Rapid desktop charger.
Charges the BP-217 in 2.5 hours (approx.).

■ CIGARETTE LIGHTER CABLES AND DC POWER CABLE

CP-19R : Cigarette lighter cable with DC-DC converter.
CP-12L : Cigarette lighter cable with noise filter.
OPC-254L : DC power cable.
For use of the transceiver with an external power supply. (12V DC required)

■ SPEAKER-MICROPHONES, HEADSET AND EARPHONE

HM-189GPS* : GPS speaker microphone
HM-75A : Remote control speaker microphone.
HM-131 : Compact type speaker microphone.
HM-153 : Durable type earphone microphone.
HM-166 : Light type earphone microphone.
HS-85 : Headset. Allows you hands-free operation. Includes VOX, PTT, "one-touch PTT" (TOT).
SP-13 : Earphone

■ OTHER OPTIONS

MB-107* : Alligator type belt clip.
MB-86 : Swivel type belt clip.
LC-163 : Carrying case
FA-S270C* : VHF/UHF antenna
AD-92SMA : Antenna connector adaptor.
Allows you to connect a BNC-type antenna

*1 Same as supplied. *2 Please note: HM-189GPS is compatible only with the IC-80AD at this time.
